

Training Goals

As an administrator, or instructional leader, it is critical to have an understanding of how integrating the ELPS into content area instruction and aligning instruction to ELLs' language proficiency levels provides linguistic and cognitive supports. Therefore, in this course we will cover the following objectives:

- **Content Objective**

Participants will explore how to use the ELPS K-12 Leader Pathway checklist tool to ensure the implementation of the ELPS Cross-Curricular Student Expectations in classrooms to support content area instruction and language acquisition for English language learners.

- **Language Objective**

Participants will provide feedback on the appropriate linguistic accommodations using the ELPS K-12 Leader Pathway tool aligned to ELLs language proficiency levels for effective instruction.
